

- Open Internet Explorer, and go to the course web page (<http://acunix.wheatoncollege.edu/tratliff>)
- Scroll down the page and right-click on the link Maple Essentials Tutorial and select Save Target As. . .
Save the file to the desktop.
- Locate the file MapleEssentials.zip on your desktop and double-click on it to open it.
- Double-click on the file section1.mws.
Maple should start automatically and load this worksheet.
- You should work through Sections 1, 2, 3, and 5, including the Exercises. If you finish these, open the worksheet practice.mws and try your hand at some of these problems.
